

Assignment 1 Marking Schedule: TutorTech Design Concepts

Due: 5pm Wed, Sept. 16, 2020
Worth: 25%

Team Members:

Introduction (context and purpose)

10

10

Excellent.

Good coverage of fact & process.

Also, appropriate appeal to quality of

Good mixture of tasks & specific scenarios for each.

Nice prioritization of tasks & rationale.

Task Identification (clarity & quality)

25

23½

No tasks associated with tutor workload management & queue handling (unless I missed it).

Alternative & primary designs (clarity & quality)

25

21

Nice summary of high level navigation.

It would be useful to start each design at the home page for that design (for each user type).

Good presentation of UIs, although somewhat surprising omission of Queue for tutors.

Quality and clarity of design rationale

10

tutors.

Good succinct pros & cons for each prelim design

8½

Total

Good work.
